

INTRODUCING **THE NEW**

# S-CROSS

**THE PREMIUM URBAN SUV**

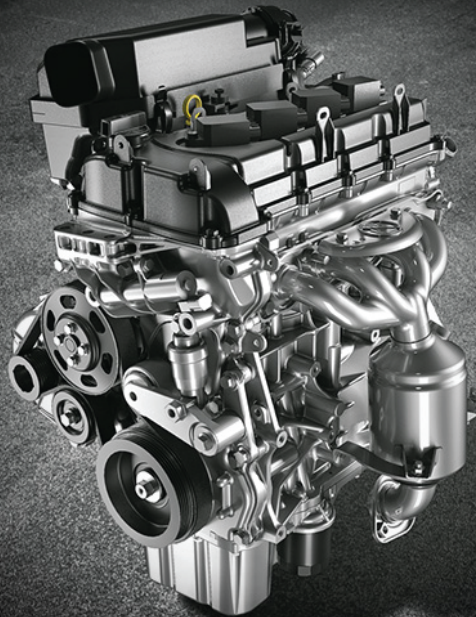

POWERED BY

## SOPHISTICATED POWER

Sophistication is not always what it seems. It's formal. Luxurious. Extravagant in fact. But, that's not all. There's power beneath all that charm. There's aggression behind the calm. It's the new S-Cross, with a powerful new petrol engine. But, there's more to it than just power. There's ample space for you to carry your world along. And it comes with sophisticated features like the Cruise Control, Rain Sensing Wipers, Auto Headlamps, and Reverse Parking Camera to make your journeys more convenient.

## THE NEW AND REFINED PETROL ENGINE

The sophisticated might not flaunt power, but they do enjoy it. Equipped with the powerful new 1.5L K15 Petrol Engine, the new S-Cross has all the power you need, while giving you a refined driving experience.

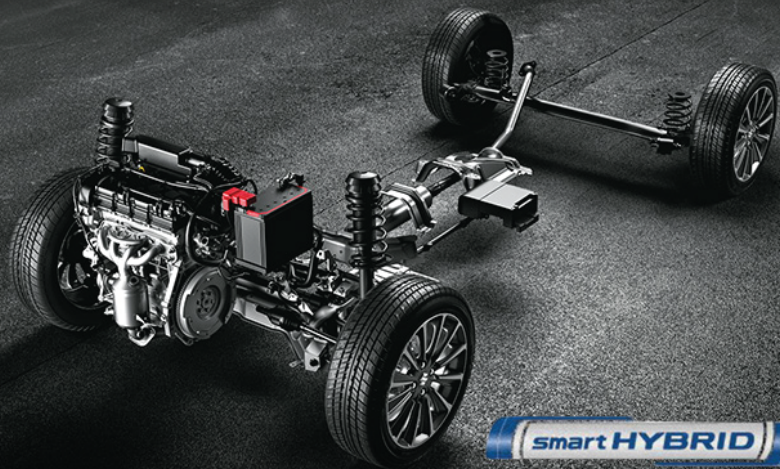

## A NEW AUTOMATIC ADVENTURE

Sharp turns. Steep climbs. Rough roads. It doesn't matter. This refined SUV takes it all in a stride with the ease of Automatic Transmission. So, shift your perspective a little, and feel the smooth drive of the new S-Cross.

## NEW JOURNEYS, NEW ENTERTAINMENT

Get ready to make your drives exciting with the Smartplay Studio, an innovative in-car entertainment system with a captivating touch screen display. It's vibrant and customizable UI makes it really easy to text, call, play your favourite songs, switch to radio, and even navigate your way through the traffic. It becomes a truly integrated system when you connect it with the SUZUKI Smartplay Studio App, which helps you access the latest songs, news, and nearby food outlets. Not only that, you can also seamlessly connect your Smartphone on the go for nonstop entertainment.

## ADVANCED SMART HYBRID TECHNOLOGY

The Progressive Smart Hybrid technology in S-Cross is designed to give you a smooth drive. It's Integrated Starter Generator, paired with a Lithium-Ion battery and a Lead Acid Battery helps regenerate braking energy for an enhanced driving experience. And its torque assist function reduces the load on the engine and improves fuel efficiency.

## **SOPHISTICATED INTERIORS**

Your adventures may lead you to many places. Rough. Challenging. Rugged. But no matter what's on the outside, you will always be comfortable because you are inside the S-Cross. Get ready to bask in the glory of the plush and sophisticated interiors and enjoy the luxury of a spacious cabin.

# TECHNICAL SPECIFICATIONS
